

Financial & Management Risk Assessment V11

Adopted	June 2024
Agenda Reference	24/035/FPC
Review Date	6m (Jan 25)

Introduction

Risk assessment must be in place as part of NMPC internal controls. The Financial and Management Risk assessment must be reviewed and adopted by council at least annually. Assessing risk is an essential action to enable council to propose a positive assertion when signing the Annual Governance Statement (Assertion 5 — Risk management) 1

Assertion 5 — Risk management

We carried out an assessment of the risks facing this smaller authority and took appropriate steps to manage those risks, including the introduction of internal controls and/or external insurance cover where required.

In order to warrant a positive response to this assertion, the authority needs to have the following arrangements in place:

- 1.31 Identifying and assessing risks The authority needs to identify, assess, and record risks associated with actions and decisions it has taken or considered taking during the year that could have financial or reputational consequences.
- 1.32 Addressing risks Having identified, assessed, and recorded the risks, the authority needs to address them by ensuring that appropriate measures are in place to mitigate and manage risk. This might include the introduction of internal controls and/or appropriate use of insurance cover.

¹ JPAG -Joint Panel on Accountability and Governance 'Practitioners Guide' 2023.

May 2023 NMPC appointed a Cllr responsible for internal controls who will ensure that the practices contained within this document are embedded in the procedures used by NMPC. This Cllr will have no access to the bank accounts to evidence an independent level of scrutiny.

Risk Area	Description of risk	Risk Level	Management of risk	Staff/Cllr Actions
Precept	Not submitted	L	Full Minute to sign off of precept demand—RFO follow up	Diary - January NMPC Meeting
	Not paid by DC	L	Confirm receipt	Diary- April
